
Bolivia Mobile Energy Storage Power Company

Can Bolivia become a global powerhouse in electric micro-mobility?

MOBI CEO Ariel Revollo: "Latin America has the capacity to become a global powerhouse in electric micro-mobility, and we believe Bolivia can be the leader of this transition."

What is Mobi & energy exploration technologies (energyx) doing in 2022?

SANTA CRUZ, April 20, 2022 - Bolivian urban eco-mobility and clean energy startup MOBI has partnered with American lithium and battery company Energy Exploration Technologies Inc. (EnergyX). Both companies will work towards creating a Bolivian domestic lithium battery supply chain to develop the region's electric mobility market.

Can Bolivia become a green energy superpower?

The partnership between MOBI and EnergyX highlights the thriving innovation environment in Bolivia, and will take the country one step closer to becoming a green energy superpower.

Where is energyx based?

EnergyX is currently building its Innovation Labs in Austin, Texas, and is actively scaling up its operations after a successful 2021 that saw them raise \$20 million in funding and deploy their first LiTASTM direct lithium extraction plants to Bolivia's Salar de Uyuni.
