# Budget Plan for a 150-foot Folding Container

How much does it cost to build a container home?

You can build a container home for as little as \$25,000, or if you have a more complex design in mind, \$250,000, which is still far cheaper than a traditional house. Plus, lower utility bills, property taxes, and maintenance fees make the price of container homes even more affordable in the long run.
