
COTEK solar Inverter

What is a cotek inverter?

COTEK Inverters range from 150W - 4000W and accept DC input of 12/24/48V loads. Superior quality & reliability are the trademarks of COTEK pure sine wave inverters. Over 300 models of industrial power supplies are manufactured to the highest standards at COTEK. Full safety approvals for North America & Europe include UL, TUV, CE & CB.

Why should you choose cotek pure sine wave power inverter?

Innovative product design, strict quality control, as well as responsible before and after sales service provide customers with superior power conversion products at extremely competitive prices. Cotek Pure Sine Wave power inverters - advanced microprocessor design, heavy duty transformer for inductive loads, full protections, meet UL.

What is a cotek SD & SP inverter?

COTEK is proud to introduce the NEW SD and SP series- the next generation of battery-based, pure sine wave inverters that have evolved from our well-established "SK" and "S" series.

What new products does cotek offer?

COTEK is introducing exciting new models, including Inverter-Chargers, N+1 rack-mount power supplies, solar inverters and more. Our technical expertise and management team are the keys to our success and the COTEK R&D engineers will continue to work hard to develop new product to meet the high expectations of our existing and future customers.

Cotek inverter shifts DC to AC conversion from a large, centralized string inverter to a compact unit attached directly to each solar module in the power system. Distributing the conversion ...

The Cotek SD2500 Pure Sine Wave Inverter is a high-performance, reliable power conversion solution designed for a wide range of applications, including industrial use, off-grid solar ...

The SP Series of Cotek inverters improves on previous generations with increased efficiency, high power density, selectable output voltage and selectable frequency in a robust aluminum case. ...

COTEK is introducing exciting new models, including Inverter-Chargers, N+1 rack-mount power supplies, solar inverters and more. Our technical expertise and management team are the ...

The Cotek SC1200-124 is a 1200 Watt, 24 Volt pure sine wave inverter charger. This bi-directional inverter is versatile with 5 in 1 operating modes, capable of integrating power from both AC ...

Cotek Power Solutions SunWize is a Top Cotek Distributor and Leader in Off-Grid Solar Systems As a leading distributor of Cotek power conversion products, SunWize sells Cotek (Samlex) ...
