## Can the 3KW inverter in Harare use lithium batteries

What is a 3KW solar installation in Zimbabwe?

For a 3kW Solar Installation in Zimbabwe, Sona Solar Zimbabwe designers are putting together 4 or 6 Solar Panel arrays, either with Jinko Solar Panels or JA Solar Panels and the 3kVA Must Hybrid Solar Inverters (Pure Sine Wave.) 3KW means 3000Watts.

Which 3kva solar inverter do you use?

The main 3kW Inverter that we use is the 3kVA Must Hybrid Solar Inverter (Pure Sine Wave.). This inverter comes with a 5-year warranty as standard, and you can extend it to 10 years if you register the inverter online with the manufacturer, which you should definitely do once the system is installed.

How many kWh does a 3KW Solar System produce in Zimbabwe?

According to the Clean Energy Council Guidelines, A 3kW solar system in Zimbabwe will output around 12 kWh a day (averaged out across the year), outputting more on the long summer days, and less in winter. It is important to understand that this 12 kWh of solar power will be produced during daylight hours.
