
Costa Rica solar Panels Solar Wholesale

Who sells solar panels in Costa Rica?

American firms have a strong presence in Costa Rica by selling their products through local distributors or joint ventures. The main competitors of U.S. businesses in the solar area in Costa Rica are Chinese brands. Most companies selling solar systems are local companies that assemble Asian solar panels with some U.S. made components.

Is solar power a new energy source in Costa Rica?

Like wind power, solar power is another newer energy source in the country. The first solar power projects in the country were established in 1978 by just a few researchers from public universities at the Solar Power Laboratory at the National University. During 2012, Costa Rica inaugurated the Miravalles Solar Plant next to the Miravalles Volcano.

What are biota consultants Nicoya / Costa Rica inverters?

Biota Consultores Nicoya / Costa Rica Inverters are like the brain of the system- in charge of transforming the DC generated by the solar panels into usable AC. At Avolta Energy we mainly use products from the German brand SMA, the most prestigious manufacturer of inverters in the solar industry.

What kind of solar panels does Avolta energy use?

At Avolta Energy we use solar panels from brands classified Tier 1 by Bloomberg New Energy Finance, backed by the warranty extended by the manufacturing company - which is typically 25 years.
