
EK New Energy solar Module Price

How much does a solar module cost in 2025?

Specifically, in August 2025, the Price Index showed: about EUR0.055/Wp for low-cost photovoltaic modules, unchanged from July prices. "Manufacturers are moving quickly to end the devastating price war. The Chinese government is gradually phasing out tax incentives and subsidized solar module exports.

How much does a low-cost photovoltaic module cost?

Low-Cost Photovoltaic Modules: Average price of EUR0.060/Wp, a decrease of 7.7% compared to the previous month. These figures underscore the significant pressures in the photovoltaic market, as price reductions strain margins to unprecedented levels.

Why do solar modules cost so much?

However, as the primary cost component of photovoltaic modules, the price of solar cells plays a decisive role in module pricing. Due to the oversupply of polysilicon in earlier periods, prices have been under sustained pressure since 2023, even falling below cost levels in the first half of 2024.

When are solar module and inverter prices updated?

Solar Module Retailer Prices are updated on Monday. Solar System and Inverter Retailer Prices are updated on Friday.

Are tandem photovoltaic (PV) modules cost-effective? Tandem photovoltaic (PV) modules offer an opportunity to improve the efficiency and energy yield of available solar resources compared ...

PRICE INDEX | October 2025 Photovoltaic Price Index Every month we publish a current price index on the development of wholesale prices of solar modules. In doing so, we differentiate ...

EK Solar Energy provides high-efficiency photovoltaic modules, designed for solar power generation systems. Our photovoltaic modules use innovative technology to ensure high ...

Explore our tool for tracking weekly spot prices of polysilicon, wafers, cells and modules. Check average prices of any component globally and in granular categories such as that for different ...

As the global energy transition accelerates, the photovoltaic (PV) industry, as a key component of renewable energy, continues to attract significant attention for its promising ...

"Data Page: Solar photovoltaic module price", part of the following publication: Hannah Ritchie, Pablo Rosado, and Max Roser (2023) - "Energy". Data adapted from IRENA, ...
