
Germany Hamburg mobile power station generator manufacturer

Where are Abz generators made?

Every power generator is manufactured by ABZ Aggregate-Bau at our company headquarters in Henstedt-Ulzburg in Schleswig-Holstein, around 30 km north of Hamburg. The convenient proximity of the port, airport and the BAB A7 motorway allow fast and uncomplicated transport processing.

Which power units and emergency power supplies are manufactured by SAB?

Here you can look at some power units and emergency power supplies manufactured by us. Make your selection from the adjacent overview. SAB manufactures diesel generator sets, which are started manually, electrically or by compressed air. All generator sets are custom-built.

Where can I find a switchgear for a diesel engine?

Diesel engine, alternator and front end radiator are installed together on a welded steel frame with vibration damping. Depending on the design the switchgear can be found either directly on the unit or is positioned separately inside or outside the unit room. We work closely with all the renowned motor and generator manufacturers.
