
Himel circuit breaker factory in Austria

Where is Himel based?

HIMEL has made a name for itself on the international agricultural technology market for 70 years. Today, the medium-sized company employs around 200 people worldwide. The main production site is located in Melchingen, Swabia, south of Stuttgart.

How does Himel work?

Today, the HIMEL team works in project-based working groups at networked CAD and CIM workstations. The team of motivated and technically competent employees makes HIMEL not only a manufacturer of feed preparation systems, but also a competent partner for all aspects of feeding technology.

How is Himel certified?

The quality of HIMEL products is proven by practical tests in trade journals, T&V tests, DLG tests, the CE mark and the quality and environmental management certifications according to DIN EN ISO 9001 and 14001. The traditional family business has been run by the sons of the company founder, Werner and Martin Hirlinger, since 1999.
