# House inverter system factory in Bangkok

Where are solar inverters made in Thailand?

A short drive southeast from Bangkok brings you to Chonburi, a province that has rapidly transformed into a manufacturing powerhouse for solar inverters in Thailand. Its rise is attributed to the expansive Eastern Seaboard Industrial Estate and other industrial zones that are home to state-of-the-art manufacturing facilities.

What makes Thailand's solar inverter industry unique?

Thailand's journey towards renewable energy dominance is marked by the innovative strides of its solar inverter manufacturers. From Bangkok's bustling markets to Chonburi's industrial heartlands, the country is carving out a niche for itself on the global stage, powered by companies like Enphase, Huawei, Sofar, Solax, and Victron Energy.

Which solar company is based in Thailand?

Operating out of Bangkok, Huawei leverages Thailand's strategic position in Southeast Asia to expand its reach, supplying cutting-edge solar technology that is both accessible and reliable. Sofar Inverter Thailand, part of the global Sofar Solar brand, has established itself as a significant player in the Thai solar market.

Who is Sofar inverter Thailand?

From its base in Bangkok, Sofar Inverter Thailand offers a diverse range of solar inverter products, including grid-tied inverters, hybrid inverters, and battery storage solutions. This wide product spectrum ensures that Sofar can meet the varied needs of the Thai solar sector, from residential rooftop installations to commercial solar farms.

The company is located 20/195 Factory House, Khokkrabue, Mueang, Samutsakhon 74000 in Thailand Bangkok. We are manufacturer factory producing Inverter, battery charger, Adapter ...

An inverter is the core of any power system--it converts DC electricity into usable AC power for homes, businesses, or machines. Choosing a top-quality inverter supplier ensures:
