# Middle East Energy Storage Station Container BESS Company

Which MENA region will be a Bess market in 2026?

The rapid growth rate of energy storage in the MENA region, led by the GCC, is surprising many analysts. Saudi Arabia, in particular, is set to be the third biggest global BESS market after the USA and China in 2026.

Will UAE deploy 300mw/300mwh of battery energy storage capacity?

The UAE should deploy 300MW/300MWh of battery energy storage system (BESS) capacity in the next three years, according to one of its main utilities EWEC. Sungrow has signed another battery storage supply deal with renewable energy and sustainable infrastructure developer Doral for projects in Israel.

What are the benefits of Bess in the MENA region?

The universal benefits of BESS apply just as strongly to the MENA region: they can support in harnessing the full potential of renewable energy by storing & shifting record low-cost PV or wind power generation to times of the day when demand for electricity is at its highest.

Who is acquiring a Bess project in Saudi Arabia?

Most of the projects are expected to be procured by government-owned public entities, such as SPPC, SEC, EWEC and ENOWA (NEOM). The Saudi Electricity Company (SEC) awarded a 7.8 GWh BESS contract to Al Gihaz (using a Sungrow BESS) in Q2 2024 with commissioning expected in 2025.
