# Mobile Energy Storage Container 350kW Customer Support

What is a containerized battery energy storage system?

Our's Containerized Battery Energy Storage Systems (BESS) offer a streamlined, modular approach to energy storage. Packaged in ISO-certified containers, our Containerized BESS are quickly deployable, reducing installation time and minimizing disruption.

What is energy storage container?

SCU uses standard battery modules, PCS modules, BMS, EMS, and other systems to form standard containers to build large-scale grid-side energy storage projects.

What is a mobile energy storage system?

On the construction site, there is no grid power, and the mobile energy storage is used for power supply. During a power outage, stored electricity can be used to continue operations without interruptions. Maximum safety utilizing the safe type of LFP battery (LiFePO<sub>4</sub>) combined with an intelligent 3-level battery management system (BMS);

What types of energy storage systems does sigenergy offer?

Sigenergy offers home battery storage, residential ESS, and commercial solar solutions. Explore our innovative energy storage systems for sustainable power management.

The rapid evolution of renewable energy solutions has brought container battery energy storage systems to the forefront of modern power management. These innovative ...
