
Special container sales and wholesale

What is a special container?

Special containers are custom-made units for specific purposes. They are mostly used for high-profile services such as weapon shipment and arson. As a result, their design and material composition are determined by the specific purpose they must serve.

How many specialized container solutions are there?

Our specialized container solutions feature 12 series with over 100 configurations, engineered for intermodal logistics, mining, construction, energy sectors, and beyond.

Where is Alconet containers located?

Alconet Containers is located near the port of Rotterdam, the largest port in Europe. Besides shipping containers we buy and sell also special types of containers. From reefer containers to flat rack containers, open top containers and tank containers.

What are the most popular shipping containers in China?

The most popular shipping containers are the 20FT, 40FT and 40FT High Cube (HC) variants. The 10FT container is unsuitable for transport and therefore is less common. For shipping containers in China we would advise to invest in 40FT or 40FT HC containers because of the great capacities. Read more about the weight and sizes on this page.
