
There is no 5G base station in Budapest

Will 5G be available in Budapest?

5G to become available in all parts of Budapest! Vodafone Hungary will connect 5G at almost 200 base stations in and around Budapest, making the service available in nearly the entire area of the Hungarian capital.

Is Vodafone the only option in Hungary for 5G?

Vodafone's position as the sole option in Hungary for 5G services was challenged by Magyar Telekom which also launched commercial 5G services in early April 2020. Since mid-2018, Magyar Telekom has been conducting 5G trials and the first 5G standard station opened at Zalaegerszeg (West Hungary) at the end of January 2019.

Is Magyar Telekom 5G available in Hungary?

While Magyar Telekom tested 5G technology with several suppliers, including Huawei's Hungarian unit, it declared the launch of its 5G services in Hungary with Ericsson providing the 5G base stations for its network in April 2020. Since then, Magyar Telekom's 5G service is available in 23 towns.

Is Hungary ready for 5G?

Hungary is looking to quickly launch an efficient 5G network, thereby acting as a European hub for 5G development. An auction for national spectrum licenses for the development of 5G in the 700MHz, 2.1GHz, and 3.6GHz bands was concluded in March 2020. The three dominant mobile players won spectrum with licenses covering 15 years until 2035.
