
Ukrainian mobile power station generator set

Who will supply generators to Ukraine?

The generators will be provided by UK commercial suppliers, who will provide their available stocks of generators to the effort. It is expected that suppliers will be able to deliver a large proportion of these generators to Ukraine via neighbouring countries.

How many generators will be sent to Ukraine?

During the press conference, Eurocities President Dario Nardella mentioned that each of the 200 cities represented by the network will send more than one generator. The total number of generators to be sent to Ukraine was not explicitly stated, but it will be a "large number".

Which brands are available in Ukraine?

According to Hotline, over 10 brands are currently available in Ukraine: Bandera Power (Ukraine), Dzherelelo (Ukraine), Bluetti (Germany), Jackery (USA), EcoFlow (China), Xtorm (Netherlands), DEDRA (Poland), Goal Zero (USA), Anker (China), Flashfish (China), WellCharger (China).

What is a portable power station (PPS)?

What is it actually? In layman's terms, a portable power station (PPS) is a powerful power bank with a capacity of 50,000 to 1 million mAh. Unlike a conventional power bank, the PPS has both USB ports and 220V sockets. That is, you can charge not only smartphones, but also house and computer equipment, routers, flashlights, etc.
